

SKILLS

- ❖ Java
- ❖ HTML, CSS
- ❖ Python
- ❖ MySQL (Basics)
- ❖ React (Basics)
- ❖ AI/ML (Basics)

EDUCATION

- ❖ Computer Science & Engineering | Government Engineering College, Karwar CGPA:8.9(6th Sem) | 2025
- ❖ XII (Karnataka State Board) | Christ Junior College, Bengaluru 90.6%| 2021
- ❖ X (ICSE) | Lawrence High School ICSE, Bengaluru 93.67% | 2019

ACADEMIC PROJECTS

- ❖ **KrishiSetu – Bridging Farmers & Consumers**
Developed an e-commerce platform connecting farmers and consumers with features like a farmer's community, a bargaining-based system, community orders, and subscription-based purchases.
(React.js, Node.js, Express, MySQL, Various APIs)
- ❖ **Gemini Clone – AI-Powered Chat Application**
Created a generative AI chatbot using the Gemini API for AI-driven interactions. (React.js, Gemini API)
- ❖ **RouteRiders – Bus Reservation System**
Built a DBMS-based system for booking, canceling, and managing bus schedules. (HTML, PHP, JS, MySQL)
- ❖ **Driver Drowsiness Detection**
Implemented a system to detect driver drowsiness using facial analysis. (Python, OpenCV, TensorFlow)

EXPERIENCE

- ❖ **AI/ML intern | Invention Technologies, Bengaluru** (Oct 2023 – Nov 2023)
Developed and implemented a Driver's Drowsiness Detection system, Sales Prediction, Eye Gesture Recognition, Criminal Detection using AI/ML techniques – Python, TensorFlow, OpenCV, Jupyter Notebook, Anaconda, Pandas, NumPy

ACHIEVEMENTS

- ❖ Scored **82.84%** in the **TCS iON NQT** exam.
- ❖ Led a team to receive **₹5,500 funding** from the **Karnataka State Council for Science and Technology (KSCST)** under the Student Project Program for **KrishiSetu**.
- ❖ Selected in the **CSR drive by KodNest** for a **Full Stack Developer - Java internship**.
- ❖ Selected in the **CSR drive by JSpider & QSpider** for **Full Stack Developer training**.
- ❖ Selected among the **top 20 teams** in **Hack4Sustainability** conducted by Siemens and Smile Foundation.
- ❖ **Led a team to become one of the top 15 Winner** of the **TechForSociety Hackathon 2025**, conducted by **Siemens** and **NASSCOM Foundation**. Selected for the **MVP (Minimum Viable Product) Phase**.
